On May 22, 2021, ROBLOX launched Project Bloks, an app for iOS and Android devices that is aimed towards children 2-12 years old. The app allows users to build various blocks available in the game. Some blocks are also available as virtual items for purchase. The revenue earned from these items is then distributed among the app developers on ROBLOX. The game was first released in Canada, and now has been released in the United States.

Roblox Youtube Channel (YouTube) - This is the official Roblox Youtube Channel. There are videos about game development, tutorials for specific features of the game, and more. The best part about this channel is that they post content from all around Roblox. You'll be able to find fun videos from popular games like Apocalypse Rising or Survive The Disasters as well as find awesome gameplay videos created by people who have only been in the Roblox community for a short time.

There were reports of auto-attack bots from a group called "ArtRage" which was hacked to attack other players in order to force them out of the game, and then to prevent them from ever returning. On April 12, 2021 there was a report from an Arianespace engineer that someone had been "hacking into rocket control computers and maneuvering vehicles on the ground". The players involved were reported to be ArtRage members.

On July 15, 2021, Roblox apologized after a server error caused a character called Calvin to be subjected to harassment which included cruel messages. The harassment included being charged with child pornography even when the player was found innocent by law enforcement officials. In addition, this caused some users to temporarily change their username.

On August 28th, 2021 ROBLOX announced the discontinuation of ROBLOX Custom Physics in favor of Bloxlet. This will eventually be released as an update so that all games made for Classic ROBLOX mode will automatically have the new physics system in place, but there is an unknown future for what will happen to those games when the discontinuation happens.

Most Roblox games are made with the 3DTotal modeler because most of ROBLOX's games use 3D models rather than textured 2D ones. Paint is also a popular option for creating objects and UI elements due to its simplicity.

ROBLOX Studio, from a desktop PC screenshot taken on 1 September 2021 Game Similarities and differences Roblox games are compared in the table below. Developed by Epic Games. It introduced its own version of placeable objects called forts, which are similar to those found in ROBLOX's games such as "Rusty Heights". [131] Paintball There is a video that shows how to play this game. It consists of two players and two teams. The players try to hit a ball with their guns passed through the paintball-covered targets, and the team that hits the ball through all the targets wins. Grand Theft Auto V ROBLOX was compared with this game because it has similarities with it: it allows players to create their own cities, where users can place art, buildings, houses, vehicles and people. [132] Minecraft This is a creative building game played in an open world. Users have survival games they play in order for them to find loot and obtain materials needed to survive outside of their city(s). ROBLOX is similar to Minecraft because both games are created by the same company. Gamers in ROBLOX can use Minecraft-like blocks to build anything they want.
