I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

Rated 5 out of 5 by Anonymous from I love roblox This game is great! I play it all the time, it helps me a lot with my school work! It also helps me get better at math and reading. We are supposed to have it in our classroom but we only used it for homework so far. The thing that I don't like about this game is that some one really has to tell you what to do. They don't run the servers themselves so they often change things and cut off some features. It's also expensive, but I think it's worth the money.
