On May 29, 2021, ROBLOX decided to stop giving out high-quality builder's cards to anyone who has one of these cards, making it no longer possible for them to build long games on ROBLOX. This was the first time that high quality builders clubs were ever taken away from people who had them. On July 15, 2021, ROBLOX re-enabled the old low-quality builder's club and added another high quality builders card which can be used by anyone without making their game longer than 30 days. This update helped in the new Club Builder's Club Builder's Club Update which gave people who had builder's cards prior the ability to make their ROBLOX games longer.

Tickets are the secondary currency in Roblox; they can be used to purchase a variety of vehicles, gear (backpacks, jet packs, and recovery kits), weapons (grants a player additional hit points upon taking damage), and other items. In order to purchase most of the premium items from the store, one must own more tickets than is currently available in the user's inventory. The minimum one-time purchase of tickets is US\$5 (\$8 Note: this price has been around since 2021 but was not posted until 2021).

The only difference between the two logos is that Roblox's logo contains a "R" whereas Microsoft's does not. Another parody was made by RulaGames in 2021 called "Robux". This was a parody to show that everything on Roblox cost money.

In December 2021, Roblox changed its website design again.[64] This can be viewed here: Roblox Main Page. An official subreddit was created in January 2021 by user pb\_bacon.[65] It has since grown to have over 3,000 subscribers (as of May 2021) and 338 pages (as of May 2021).

Some users have also claimed that ROBLOX never responds to or bans reported users. This is because there are many cases where both inappropriate content spreads rapidly through the site, but ROBLOX does nothing about it because they do not want to ban accounts for minor rule violations like swearing, nudity or spamming in chat.

On June 26, 2021 (4:00 PM), ROBLOX released a new website design. The new design was made with a goal to have access to the latest news, showcase new games, and improve features in the forums.

Roblox has been criticized for letting users access mature content, such as nudity, on the platform. In March 2021, it was reported that there were multiple nude characters on Roblox. The game had a character that was wearing only underwear. The character also had private parts that could be exposed to other players. This resulted in a large number of complaints being submitted to the company and they responded by making the character wear pants. However, the character then became fully covered and was unable to be exposed in this manner anymore.

My parents really like Roblox and they think it's a great way for me to make friends. They think it's good that I'm able to talk to other people online, meet new people and talk to them offline as well. The game is very social, so they like it because I've made many great friends through playing Roblox. I really enjoy Roblox because it has helped me develop a lot of social skills, and it's also a game where you get to meet new people from all around the world. I will continue playing roblox because it gives me the opportunity to have fun and make new friends.

ROBLOX runs a no-sell policy that allows for players to earn "robu\$tokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

Even though ROBLOX replaced many of its assets with assets from Awaited Studios for being sued by Dr. J for copyright infringement, ROBLOX did not do this to avoid paying royalties for all of the money that was earned by users who were using their assets in other games.

Roblox allows its players to promote their games on other websites such as Fiverr and UpWork. American citizens have to file an extension if their promoted games are relevant to them, but the rest of the world does not.

ROBLOX is the first game that was able to make an international monetary currency (Robux) that can be used for buying in-game items. [116] The next game to have a monetary currency was Habbo Hotel where they introduced Habbo Coins which are used for buying furniture, clothing, and accessories. [117]
